## RECOMMENDED ACTION:

Adopt Resolution No. 2012-28 of the Town Council of the Town of Apple Valley, California, establishing the Fiscal Year 2012-2013 Appropriations Limit for the Town at \$29,861,317 by using the Town's population growth for the population adjustment and the California per capita income growth for the inflationary adjustment.

## SUMMARY:

Since the addition of Article XIII-B to the Constitution of California in November 1979, the Town has been required to annually establish an Appropriations Limit. The ideology behind establishing an annual appropriation limit is that if an agency's ability to spend tax proceeds each year is controlled, then the growth in tax revenues can be systematically and incrementally managed to lessen the impact or tax burden upon taxpayers throughout the State.

In June 1990, Article XIII-B and its implementing legislation Chapter 1205/80 were modified by Proposition 111 and SB 88. The modifications changed the annual adjustment factors for determining the Appropriations Limit. Beginning with the calculation of the Appropriations Limit for FY 90-91, the Town may choose one of the following factors to use for inflationary adjustment:

- The growth in California per capita income; or
- The growth in the non-residential assessed valuation due to new construction within the Town.

In addition, the Town may choose to use either the population growth of the Town or the population growth within the County. These two adjustment factors, one for inflation and one for population, are both annual elections for the Town in determining its Appropriations Limit.

**BACKGROUND:**

The methodology used to determine the Town’s Appropriations Limit is to multiply the inflation and population adjustment factors by the prior year’s Appropriations Limit. For Fiscal Year 2012-2013, the inflation and population figures provided by the State Department of Finance are as follows:

|  |       |
|--|-------|
| California Per Capita Income Percentage Change | 3.77% |
| Town of Apple Valley’s Population Growth       | 0.87% |

Since the growth in non-residential assessed valuation due to new construction is not available at this time, the growth in California Per Capita Income must be used as the inflationary factor. The Town’s Appropriations Limit for Fiscal Year 2012-13 is calculated at \$29,861,317. This amount is the result of applying the 3.77% per capita personal income factor and the 0.87% Town of Apple Valley population factor to the Fiscal Year 2011-2012 adopted Appropriations Limit of \$28,528,249.

The total estimated revenues generated from general tax proceeds for Fiscal Year 2012-2013 is \$14,795,000. This estimate is \$15,066,317 or 50.45% below the proposed Appropriations Limit for Fiscal Year 2012-2013.

**ALTERNATIVES CONSIDERED:**

No alternatives were considered. Section 7910 of the Government Code of the State of California requires the Town to establish an Appropriations Limit annually.

**FISCAL REVIEW:**

The Town is \$15,066,317 or 50.45% below the proposed Fiscal Year 2012-2013 Appropriations Limit. Therefore, the Town is well within its Appropriations Limit established pursuant to Section 7910 of the Government Code of the State of California and will not exceed this limit during Fiscal Year 2012-2013.

**LEGAL REVIEW:**

The attached resolution has been reviewed and approved as to form.

**CONCLUSION:**

Staff recommends the adoption of the attached Resolution No. 2012-28 establishing the Fiscal Year 2012-2013 Appropriations Limit at \$29,861,317. The adoption of the Fiscal Year 2012-2013 Appropriations Limit is made on a provisional basis and may need to be revised when the figure for growth in non-residential assessed valuation due to new construction becomes available from the County of San Bernardino.
