

**TOWN OF  
APPLE VALLEY, CALIFORNIA**

**AGENDA MATTER**

**Subject Item:**

**2011-2013 CONTRACT AMENDMENT FOR GRAFFITI REMOVAL SERVICES AGREEMENT**

**Summary Statement:**

On February 2, 2011 the current Graffiti Removal Services Agreement expired. The contract allows that it will continue on a month to month basis until it is renewed. The Town has negotiated to renew the agreement with the current contractor for an additional two years at a reduced rate. Currently the Town pays \$70 per location up to two-hundred twenty-five (225) square feet. Graffiti over two-hundred twenty-five (225) square feet is removed at a cost of \$.30 per square foot.

The new reduced rate will be at a cost of \$60 per location, a savings of \$10 per location (14.2%). This should result in an annual savings to the Town of \$7000-\$9000 depending on the amount of graffiti. There will be no change to the "per square foot" cost.

The graffiti abatement program is available free of charge to all owners/responsible parties of any business or residence in the Town of Apple Valley.

**Recommended Action:**

Authorize the Town Manager to sign the 2011-13 Contract Amendment between Battista's Custom Painting and the Town of Apple Valley.
